EDUCATION

1997 Ph.D. Agricultural and Resource Economics, University of California at Davis, California, USA

1994 M. Science Agricultural Economics, University of California at Davis, California, USA

1992 Bachelor Agricultural Economics (First Class Honors), University of New England, NSW, Australia

PROFESSIONAL EXPERIENCE

4/2020–present Professor with Tenure, Department of Agricultural and Resource Economics, North Carolina State University

1/2017–3/2020 Professor with Tenure, Associate Department Head and Department Extension Leader, Department of Agricultural and Resource Economics, North Carolina State University

7/2009–12/2016 Professor with Tenure, Department of Agricultural and Resource Economics, North Carolina State University

7/2003–6/2009 Associate Professor with Tenure, Department of Agricultural and Resource Economics, North Carolina State University

11/1997–6/2003 Assistant Professor, Department of Agricultural and Resource Economics, North Carolina State University

1992-1997 Research and Teaching Assistant, Department of Agricultural and Resource Economics, University of California at Davis.

EXPERTISE

Demand analysis, applied econometrics, grain and livestock markets, biotechnology, and risk management.

SCHOLARLY HONORS

Australasian Agricultural and Resource Economics Society Distinguished Fellow Award, 2024
https://www.aares.org.au/files/honorary_awards/Nicholas_Piggott_Bio_Pic_for_website_2024.pdf

Advisor to Second Place Graduate Student (John Robinson), 2024 Agricultural and Applied Economics Association in Extension Competition, New Orleans, July 2024.

Winner of the American Agricultural Economics Association Award for Professional Excellence—Distinguished Extension Award: Less than 10 Years' Experience, 2005.

American Journal of Agricultural Economics article most downloaded in 2004 for “Does Food Safety Information Impact U.S. Meat Demand?” by N.E. Piggott and T.L. Marsh (Volume 86, Issue 1)—395 downloads.

Co-Chair of Graduate Advisory Committee for the winner (Huseyin Tasten) of the Food Distribution Research Society 2004 Applebaum Outstanding Ph.D. Thesis Award.

American Journal of Agricultural Economics article runner-up most downloaded in 2003 for “The Nested PIGLOG Model: An Application to U.S. Food Demand,” by N.E. Piggott (Volume 84, Issue 1)—156 downloads.

Illinois Soybean Association Award to Team Leaders of the Soy/Swine Nutrition Research Program in Recognition of Excellence in Soybean Research, 1999.

American Agricultural Economics Association Award for Professional Excellence—Outstanding Ph.D. Dissertation Award (single winner), 1998.

Food Distribution Research Society 1998 Applebaum Outstanding Ph.D. Thesis Award.

Gordon King Award for Best Ph.D. Dissertation completed in the Department of Agricultural and Resource Economics, University of California at Davis, 1997.

Postgraduate Scholarship Australian Dairy Research and Development Corporation, 1993-96.

J.N. Lewis Award for the Best Undergraduate Dissertation completed in the Department of Agricultural Economics, University of New England, 1991.

Australian Agricultural Economics Society Undergraduate Prize for Outstanding Work in undergraduate studies in Agricultural Economics, 1991.

Dean's Scholarship, Faculty of Economic Studies, University of New England, 1991.

PROFESSIONAL HONORS

2007 Monsanto Pledge Award for outstanding contributions toward the winning project: “The Biotech Yield Endorsement: Innovation in Crop Insurance and Risk Management.”

Editorial Council, Journal of Agricultural and Resources Economics, published by the Western Agricultural Economics Association, 2009-2012.

Invited by Congressman Bob Etheridge (D-NC) to testify before Congress on the state of the farm economy and the impact of federal policy on agriculture, 2005.

Certified Expert Reviewer for the Federal Crop Insurance Corporation Board of Directors, 2004-present

Full Member, Economics Graduate Faculty at North Carolina State University, 2003-present

Academic Affiliate, Analysis Group, Inc., Boston, MA, December 2003-present
