

**Vice President & Technical Director
American Malting Barley Association, Inc.**

Applications accepted: June 30 – July 30, 2021

Position Start Date: October 1, 2021

The [American Malting Barley Association](#) (AMBA) is a trade association based in Milwaukee, Wisconsin, of large and small malting, brewing, and distilling companies dedicated to the goal of ensuring an adequate supply of high-quality malting barley. AMBA is seeking to hire a motivated, self-disciplined, creative Vice President and Technical Director (VP & TD) to work with AMBA member personnel; the national barley research community; and barley growers to fulfill AMBA's vision to be the leader in improvement, development, and understanding of malting barley. The successful applicant will report to the President and oversee, or assist, in all areas of association business. AMBA is an equal opportunity employer and provider.

- Qualifications
 - PhD (preferred) or MS in agricultural or life sciences. An applicant with a bachelor's degree in science is expected to have additional applicable work experience and/or training.
 - Demonstrated communication and presentation skills
 - Proficiency in MS Word, Excel and PowerPoint or similar software applications.
 - Experience in small grain science or fermentation a plus
- Position
