

**PRAIRIE VIEW  
A&M UNIVERSITY**

**Associate/Full Professor & Executive Director  
Integrated Food Security Research Center (IFSRC)  
College of Agriculture and Human Sciences**

Prairie View A&M University, a member of the Texas A&M University System, is a public land grant university located 45 miles northwest of Houston, Texas, the nation's fourth-largest city. It has an enrollment of more than 8,000 students and offers bachelors, masters, and doctoral degrees in a variety of disciplines. The University's target service area for undergraduate, graduate and outreach programs includes the Texas Gulf Coast Region; the rapidly growing residential and commercial area known as the Northwest Houston Corridor; and urban Texas centers.

Prairie View A&M University (PVAMU) and the College of Agriculture and Human Sciences (CAHS) invite applications for the position of **Associate/Full Professor of Food Security & Human Nutrition and Executive Director of the Integrated Food Security Research Center**. Reporting directly to the Associate Dean for Academic Programs with a dotted line to the Vice President of Research Administration, this position is responsible for providing leadership in the area of food security. The successful candidate will be responsible for teaching courses and mentoring students in Human Nutrition and Foods (HUNF); engage in service activities with colleagues, the department, college, university, community and professional organizations; capitalize on current and emerging research to promote our understanding of new applied science knowledge to improve food security in the State of Texas, primarily for underserved and low resource communities, and publish results of this research in refereed journals, and acquire externally funded grants and contracts for relevant research projects.

**QUALIFICATIONS:** Interested applicants must have a Ph.D. in Food Science, Food Technology or closely related fields. Minimum of 5-7 years of experience in an academic setting including a research and teaching record that will justify tenure and appointment at the rank of associate or full professor. An established record of research experience in areas such as food safety, food product development or food processing is required. Effective leadership, managerial, and supervisory skills are essential. The ability to multitask and work cooperatively with others; excellent customer service, public speaking, and interpersonal skills; strong verbal and written communication skills; knowledge of word processing, spreadsheet, and database applications; and knowledge of University processes and procedures are also essential for this position.

**APPLICATION PROCEDURE:** The Search Committee invites letters of nomination, applications (letter of interest, full resume/CV, and contact information of at least five references), or expressions of interest to be submitted to the search firm assisting the University. Review of materials will begin immediately and continue until the appointment is made. It is preferred, however, that all nominations and applications be submitted prior to October 4, 2021.
