

Visiting Program Coordinator, OneOp Nutrition and Wellness

We are seeking a Program Coordinator to manage project activities of the OneOp Nutrition and Wellness concentration area. OneOp Nutrition and Wellness provides continuing education opportunities for dietitians and other health care providers who provide services for military, veterans, extension and the general population. The Program Coordinator will support webinar development and delivery, conduct research into best teaching/learning strategies, and maintain continuing education and outreach requirements.

Required qualifications: a Registered Dietitian Nutritionist, use of evidence-based nutrition research or position statements with professional and non-professional audiences, interaction with the Commission of Dietetics Registration

Preferred qualifications: Master's degree in nutrition related field or MPH, continuing education program development or planning, Qualtrics, social media outreach

Please send a cover letter, resume and three references to Kristen DiFilippo, PhD, RDN at kdifilip@illinois.edu. Preference given to applications submitted by July 10th.
