

Temporary Graduate Research Assistant

[Dr. Sudha Sankar](#), in the [Department of Agricultural and Human Sciences](#), is recruiting a temporary graduate research assistant to support research and reporting activities in a project investigating after school time programs to support youth in Wake county during the summer/early fall of 2023.

Job duties may include collating, reviewing, summarizing research, developing focus group protocols and surveys, identifying potential participants, updating IRB information and supporting the delivery of focus groups and surveys, supporting data analysis, and assisting in the generation of technical and public facing reports and infographics.

This is a limited term project (3-4 months) carried out in collaboration with Wake County Cooperative Extension. The hiring unit is the Department of Agricultural and Human Sciences. Pay scale: \$22-25/hr. commensurate with experience. Anticipated start date: May 29, 2023.

Please reach out to Dr. Sankar with questions or to express interest (ssanka25@ncsu.edu).
