

Seminar

Adam Redhead, Ph.D.
Research Project Coordinator
Animal Food and Nutrition Consortium
NC State University

January 23, 2019
12:00 p.m.
216 Scott Hall

Adam K. Redhead is the Research Project Coordinator of the Animal Food and Nutrition Consortium (AFNC) in the Prestage Department of Poultry Science, College of Agriculture and Life Sciences, at North Carolina State University.

Dr. Redhead earned his B.Sc. in Biology and Natural Resources Management, M.Phil. in Soil Sciences from the University of the West Indies, St. Augustine Campus and a Ph.D. in Animal and Food Sciences from West Virginia University (WVU).

Dr. Redhead is currently pursuing his MBA in Leadership and Sustainability.

Dr. Redhead has over 15 years of experience in academics, research and project management. He has worked at the University of the West Indies, The University of Trinidad and Tobago, West Virginia University and United Biosource Corporation.

Bring your lunch and hear about the AFNC. Drinks will be provided.
